

NWEA State Solutions

NWEA® partners with states to fulfill the promise of the Every Student Succeeds Act (ESSA) by creating innovative assessment solutions that reveal multiple dimensions of student success and promote learning.

We provide K–12 computer-adaptive assessment solutions tailored to state needs—from comprehensive systems that synthesize growth and proficiency measures—to early learning solutions that support on-time third grade reading proficiency.

Accelerate learning and close achievement gaps

With help from professional learning, educators use different types of assessment data to inform instruction and drive students along a learning pathway rooted in state standards.

Measure growth and project college readiness

Get a precise view of what students know and are ready to learn next with MAP® Growth™, an interim assessment that adapts across grade levels. Compare growth to peers nationwide and project proficiency and ACT® and SAT® scores.

Inform instruction with timely information

Learn more about student performance against proficiency and growth expectations through measures that adapt within and across grade levels as desired. Receive aggregate results shortly after the close of the testing window.

Help teachers use data to drive learning

Go beyond product training with professional learning that empowers teachers to use assessment insights to inform instruction and advance students along learning progressions. Sustain development with onsite and online sessions.

A FOUNDATION FOR STATE SUCCESS

PLATFORM

Stable, scalable, universally compatible

Highest levels of security and compliance

ACCESSIBILITY

Universal design principles

Web Content Accessibility Guidelines (WCAG 2.0)

Accessible Rich Internet Application (ARIA)

RESEARCH

Valid, reliable, research-based assessments

Experienced team of psychometricians

IMPLEMENTATION

Skilled specialists and program managers

Designated, field-based account managers

SUPPORT

Dedicated phone, email, and chat support

Onsite training and support from expert technical consultants

Assessment solutions tailored to state needs

We partner with states to create assessment solutions that accelerate learning and measure not only how well students perform against state academic standards, but also how much they have grown academically within and across years.

Drawing from our product portfolio, states create an integrated learning system that helps teachers adjust instruction to meet student needs and leaders make informed decisions to improve student achievement.

STATE SOLUTIONS PRODUCT PORTFOLIO

Classroom assessment tools

- + MAP® Skills™—adaptive skills mastery assessment for personalized instruction
- + MAP® Reading Fluency™—adaptive measure of oral reading fluency, comprehension, and skills
- + Tools that help teachers build their own formative assessments

Interim growth assessment

- + MAP Growth—adapts unrestrained across grade levels
- OR**
- + A configurable, interim growth measure—you specify the degree of adaptivity across grades

Proficiency assessment

- + Built on your state's content area standards
- + Designed as an adaptive annual summative assessment or as an adaptive through-year assessment

Integrated reports and visualizations

- + Dynamic reporting incorporates growth and proficiency data with non-academic indicators, such as chronic absenteeism
- + Viewing multiple indicators together yields more complete insights for better decisions

Professional learning

- + Tailored onsite and online experiences help teachers move the needle for student learning
- + Sessions focus on applying assessment insights to instruction and building formative practices

EARLY LEARNING SOLUTIONS

Support your state's early learning goals with adaptive assessments. Use MAP Growth K-2 to measure growth and promote proficiency in reading and math. Administer MAP Reading Fluency to the whole class in just 20 minutes to inform reading placement and instruction for grades K-3.
