with Coach

Precise assessment data +
1:1 personalized reading coaching
drives student growth

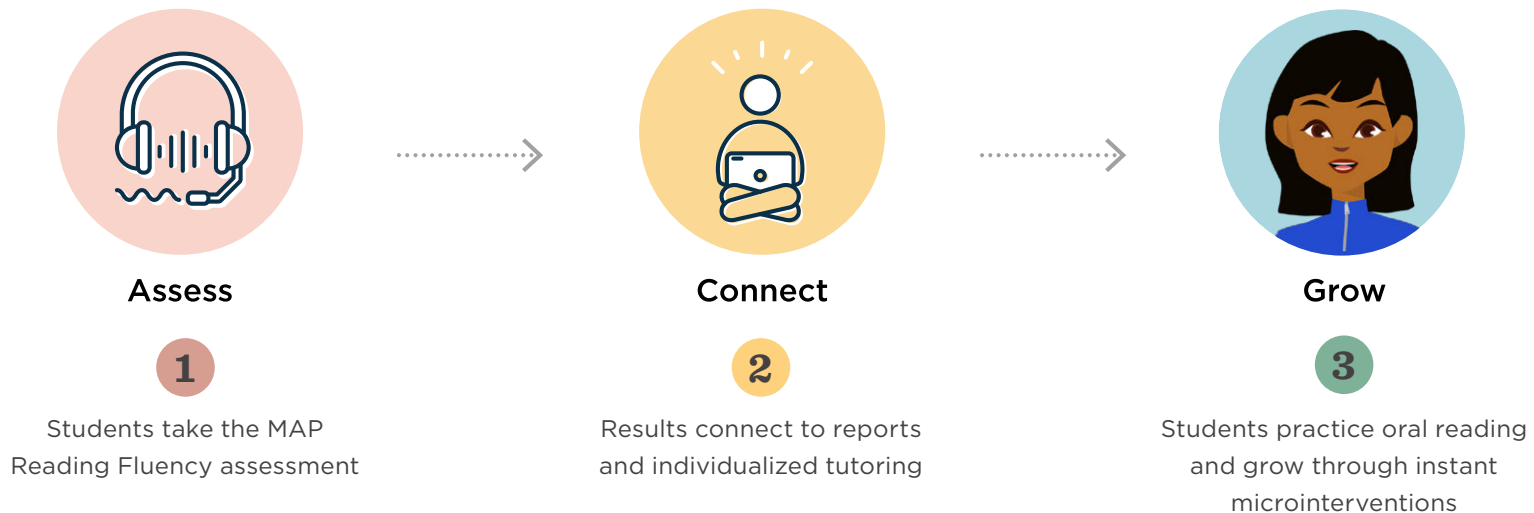

nwea

Early literacy success is crucial for long-term academic achievement, yet many students struggle with reading fluency and comprehension. Identifying and supporting these students early has been proven to produce better outcomes. It's essential.

MAP® Reading Fluency™ with Coach connects the power of the most trusted and comprehensive reading fluency assessment with AI-driven personalized coaching to create the ultimate **reading dream team**. Educators assess all students efficiently and make informed decisions with industry-leading data as Coach personalizes instruction and drives reading growth for all learners.

Assessment + personalized support from Maya

Grades pre-K-5 | English & Spanish

Why educators choose MAP Reading Fluency with Coach

- **Meet all your K-5 reading fluency needs:** Adaptive benchmark and progress-monitoring assessments connect to personalized reading practice to measure and drive oral reading and foundational skills.
- **Rely on what's been proven to work:** The evidence-based approach is aligned with the science of reading for effective, personalized instruction in each student's zone of proximal development.
- **Get a quick answer to “What’s next?”:** Automatically scored assessments deliver instant, detailed reports that drive targeted instruction.
- **Save time:** Assess a whole class for fluency, foundational skills, and oral comprehension while also screening for dyslexia risk—all in one class period.
- **Move students ahead:** AI-powered personalized coaching adapts to each student, accelerating reading mastery and fluency.

PRECISE ASSESSMENT DATA

Quickly and accurately assess all your pre-K–5 readers

Less time testing is more time teaching! With MAP Reading Fluency, you can efficiently test your entire class with an online, adaptive assessment—all within one class period. The automatically scored results point to instructional decisions that advance reading development for all students.

MAP Reading Fluency provides:

- **Universal screening & benchmarking:** Quickly assess key foundational skills, literal comprehension, and oral reading fluency in both English and Spanish.
- **Progress monitoring:** Regular assessments track student growth.
- **Dyslexia screening:** Identify students at risk of reading difficulty early, including characteristics of dyslexia.
- **Accurate results:** Validated by the National Center on Intensive Intervention (NCII) for reliable oral reading fluency measurement.
- **Comprehensive science of reading metrics:** Measures phonemic awareness, phonics, fluency, vocabulary, and comprehension.
- **An adaptive & inclusive experience:** Meets students where they are, whether prereaders, emerging readers, or fluent readers.

1:1 PERSONALIZED READING TUTORING

See students strengthen critical foundational reading skills

The personalized coaching within MAP Reading Fluency with Coach was developed through extensive research into AI-driven reading instruction and is rooted in decades of research and development. Coach is based on Carnegie Mellon's groundbreaking Project LISTEN, which was supported by the National Science Foundation.

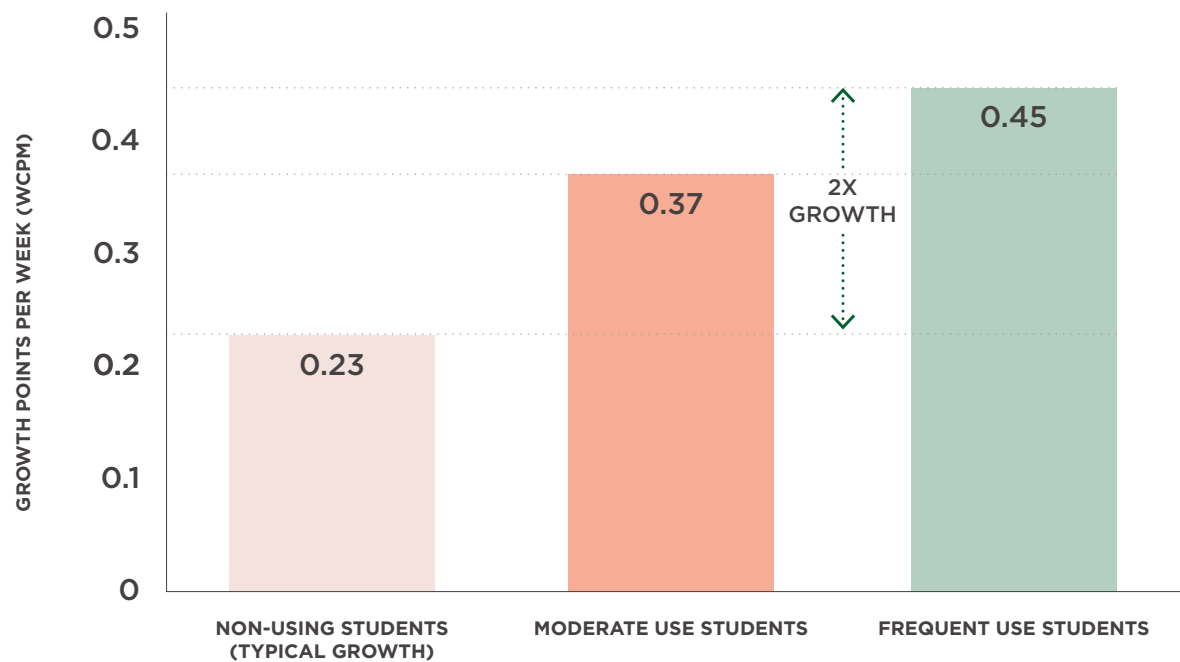

The assessment places students into differentiated 1:1 reading coaching where Maya—Coach's friendly, speech-enabled reading coach—listens as a student reads out loud. She provides real-time, individualized feedback on pronunciation, fluency, and expression. There are many different ways Maya might intervene on a word or in a story, so the experience is completely individualized for every child.

DRIVE STUDENT GROWTH

Double student growth

MAP Reading Fluency with Coach is based on decades of research, providing valid, reliable, and evidence-based support that doubles student reading growth. Students who frequently used Coach showed twice as much weekly growth as students who didn't use Coach.

Savannah-Chatam County Public Schools results after just a few months.

Quickly get to “what’s next” with a full suite of intuitive, interactive reports

Teachers have the full story about the reading abilities of every student and the right data and support to move them forward.

- **See a comprehensive picture** of foundational skills, comprehension, reading difficulty risks, and fluency skills.
- **Quickly pinpoint strengths and areas for improvement** while listening to student audio recordings.
- **Track reading level progression over time** with Lexile® Oral Reading measure.
- **Tailor small-group instruction** with grouping suggestions.
- **Get personalized next steps** with links to specific instructional strategies and interventions aligned to each student’s zone of proximal development.

Maximize instructional time

Time is one of the most valuable resources in education. With MAP Reading Fluency with Coach, you can make every minute count. Maximize instructional time and enhance student learning outcomes with:

- **Quick assessments:** Assess your entire class in just one class period, freeing up more time for impactful instruction.
- **Instant results:** Maximize critical teaching time with advanced speech-scoring and speech recognition technologies that eliminate repetitive, time-intensive tasks.
- **High reliability:** Depend on consistent and accurate assessments that are highly rated by the National Center of Intensive Intervention (NCII).
- **Informed instruction:** Quickly identify student needs and tailor your teaching strategies to whole-group, small-group, and 1:1 teaching.
- **Flexible integration:** Use in classrooms, small-group rotations, intervention blocks, or at home.
- **Effective 1:1 reading tutoring:** Scale effective 1:1 reading instruction with Coach's science of reading-aligned microinterventions.

Support your bilingual, Spanish-speaking, and multilingual learners

Ensure that all students—regardless of language background—receive high-quality, personalized reading support.

- **Evaluate fluency, comprehension, and foundational skills in Spanish and English** with dual-language assessments.
- **Provide tailored reading assistance** for Spanish-speaking and dual-language learners.
- **Help students transfer reading skills across languages** with appropriate scaffolds within a culturally responsive approach that values students' home languages as assets in reading development.
- **Provide the right level of challenge and support** with adaptive learning that adjusts to each student's proficiency and reading level.
- **Monitor growth in both languages**, ensuring students build a strong foundation in biliteracy.

Turn clear insights into clear actions with professional learning

NWEA® Professional Learning engages teachers in collaborative conversations that foster high-quality, ambitious instruction and improve student outcomes. Whether you are preparing for your first year, focused on accelerating your implementation, or committed to reaching the next level, we have recommended professional learning solutions to fully support you.
