

RELIABLE DATA. CLEAR DIRECTION.
MEASURABLE GROWTH FOR EVERY LEARNER.

map SUITE

Discover how the MAP Suite integrates
assessment with instruction to support
every learner.

nwea

In the pages ahead,
discover how the MAP Suite
empowers educators to:

- 3** See a connected view of learning across K-12
- 5** Go beyond the surface
- 6** Get insights that personalize learning
- 7** Turn research into results
- 8** Drive district-wide impact

SEE A CONNECTED VIEW OF LEARNING ACROSS K-12

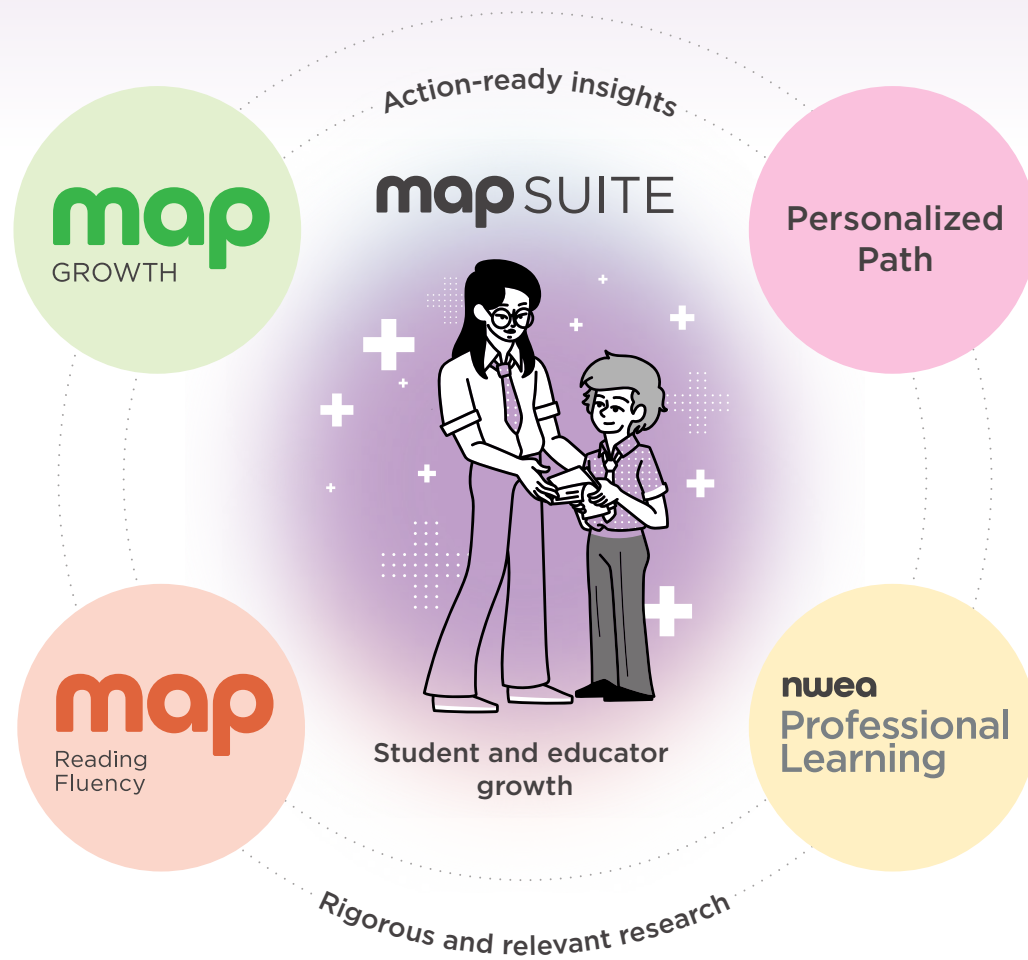

MAP Suite is a complete K-12 system connecting data, instruction, and personalized learning.

The MAP Suite unites universal screening, progress monitoring, personalized reading practice, and research-based professional learning—creating a cohesive system that strengthens instruction and supports MTSS frameworks across all grade levels. With connected insights and actionable data, teachers and leaders can support every learner at every stage of their K-12 journey.

What's inside the MAP Suite

You'll find tools that help educators understand learning and take the right next step.

MAP Growth

The most comprehensive K-12 assessment, providing accurate achievement and growth data, predicting proficiency, and connecting to instruction so teachers can plan learning that drives results.

Coming soon: A new solution for early readers!

Integrated literacy, oral-reading-fluency, and comprehension insights that help teachers pinpoint early reading gaps, personalize instruction, and monitor progress to accelerate each child's reading growth.

MAP Reading Fluency with Coach

Foundational skills assessment paired with AI-powered 1:1 reading tutoring—grounded in the science of reading—to strengthen early literacy.

Personalized Path

Adaptive, MAP Growth™-powered pathways that deliver personalized practice and targeted intervention connected to each student's learning needs.

NWEA Professional Learning

Research-based, role-specific learning that helps leaders and teachers turn assessment insights into meaningful instructional action.

GO BEYOND THE SURFACE

Accurately identify gaps earlier while confidently uncovering each student's strengths and opportunities for growth.

MAP Suite delivers the most reliable, valid, and accurate data that helps educators:

- Spot gaps and needs earlier with trusted universal screeners and progress monitoring
- Get precise results in one class period with adaptive, research-backed assessments
- Support MTSS and RTI frameworks with a cohesive suite of K-12 assessment, instruction, and professional learning tools
- Predict performance on state summatives, the ACT®, and the SAT®

.....
“NWEA is the absolute backbone to our success. We have worked together to embrace the use of data to drive instruction, and by doing that, we have achieved great results with student performance.”

JOSEPH POWERS

Superintendent, Crawford AuSable School District, MI

GET INSIGHTS THAT PERSONALIZE LEARNING

Drive district, classroom, and student growth with clear next steps for whole-class, small-group, and 1:1 instruction.

The MAP Suite connects rich data to actionable instruction, helping educators:

- Quickly see strengths, needs, and growth trends through intuitive, interactive reports
- Save time with auto-recommended placement into learning pathways
- Connect student data to over 30 instructional providers to drive curriculum decisions
- Drive measurable reading growth in half the time with personalized AI-powered tutoring

.....

“I don’t think that I’ve ever had that much sense-making of data in my previous roles until NWEA came in and showed us how this data can be used actionably each and every day in the classrooms.”

Dr. Lenni Nedley

Director of Curriculum & Federal Programs, Greensburg Salem School District, PA

TURN RESEARCH INTO RESULTS

Learn and implement best practices through solutions and support that continuously evolve with the latest research.

Built on decades of research—from psychometrics to reading science to instructional best practice—the MAP Suite helps educators:

- Use evidence-based approaches grounded in the science of reading
- Use the most valid and reliable assessments for measuring true achievement
- Receive personalized teacher support through role-based professional learning
- Strengthen instructional capacity aligned to MTSS, early literacy, and equity

“Professional learning has been customized to meet the learning needs for our teachers, supporting them throughout their journey.”

Dr. Lori Stollar

Director of Curriculum and Innovation, Littlestown Area School District, PA

DRIVE DISTRICT-WIDE IMPACT

Together, the MAP Suite builds a cohesive system that supports district priorities, strengthens classroom instruction, and helps every student grow.

Educators rely on the MAP Suite because it is:

- Trusted by more than 10,000 districts nationwide
- Provides National Center on Intensive Intervention (NCII) rated valid and reliable data
- Delivers adaptive assessments that meet students where they are
- Offers AI-powered tutoring grounded in decades of reading science
- Supports science of reading-aligned professional learning
- Ensures every decision is guided by the strongest data and latest research

The MAP Suite delivers the accuracy educators trust with the support they can rely on for making a real difference in the lives of their students.

A decorative graphic in the top right corner featuring several overlapping circles in shades of purple, blue, and green. Some circles contain white plus signs, and others have a white dotted pattern.
