

VIRTUAL APPLYING REPORTS

These two sessions will help you get the most out of your MAP data MAP® Growth™ gives you rich, valuable data. NWEA® professional learning helps you apply that data to support student learning. This virtual workshop delivers powerful insights to help teachers, instructional specialists, and administrators leverage the full potential of MAP Growth reports.

If you don't have the time or resources for onsite or regional training, our virtual workshops make it easy to fit professional learning into your schedule. You'll get support and guidance in real time from a professional learning consultant while engaging with peers in active learning.

Virtual Applying Reports is split into two 2-hour interactive virtual sessions facilitated by an NWEA® Professional Learning Consultant. To maximize participant engagement, we recommend scheduling these sessions on separate days with the same group of up to 12 participants.

Session One: Connecting Scores To Student Learning

- + Understand how MAP Growth RIT scores measure what each student knows and is ready to learn next.
- + Identify ways to use MAP Growth data to flexibly group students.
- + Access, interpret, and apply MAP Growth data.
- + Analyze status and growth reports to support planning and instructional decisions.

Session Two: Student Growth And Goal Setting

- + Build on practices that use growth projection data and learning statements to engage students in setting academic goals
- + Access and interpret growth data and apply it to student instruction
- + Explore reports and resources to support sharing performance and growth data with students and parents

WHO SHOULD ATTEND

Primary audience:

- Teachers
- Teacher leaders
- Instructional coaches

Secondary audience:

- School leaders
- District leaders
