
Jump-start your MAP Accelerator experience

Learn how to personalize learning for students and accelerate outcomes.

MAP® Accelerator™ uses MAP® Growth™ scores to automatically generate personalized learning pathways based on Common Core aligned content from Khan Academy. This professional learning series will help you understand how to implement this tool in your classroom and leverage instructional strategies that support differentiated learning for all students.

eLearning

Online intro to MAP Accelerator

This engaging, on-demand, digital learning experience is designed with busy educators in mind and can be completed in about 20 minutes.

Through a mix of short videos and multimedia activities, you'll:

- + Find out how MAP Growth data drives MAP Accelerator to be a powerful classroom tool
- + See why students love MAP Accelerator and what the personalized learning tool looks like from their perspective
- + Discover the valuable insights you'll receive once students begin using MAP Accelerator

Onsite or virtual workshop

Getting Started with MAP Accelerator

This session will help you deeply understand the value MAP Accelerator will bring to you and your students.

During this workshop, you'll learn how to:

- + Identify the value and capabilities of MAP Accelerator
- + Articulate different ways to use MAP Accelerator
- + Plan an implementation model for your classroom that supports student success with MAP Accelerator

- Learning guide PDFs

- Additional digital resources

- Certificate of participation

EXTEND YOUR LEARNING

- Access to NWEA Professional Learning Online (login required)

- eLearning available anytime

- Opportunity to engage with fellow practitioners in the NWEA community

Onsite or virtual workshop

MAP Accelerator: Using Results in the Classroom

Learn hands-on strategies for using MAP Accelerator in your classroom after administering MAP Growth.

During this workshop, you'll learn how to:

- + Use MAP Growth and MAP Accelerator report data to enhance student progress
- + Plan instructional strategies to support students

Onsite or virtual workshop

MAP Accelerator: Setting Goals with Students

Take the final step. Explore how MAP Accelerator can help with student goal setting and guide instructional practices that sustain growth through the year. Two MAP Growth test seasons with MAP Accelerator are recommended before taking this learning.

During the workshop, you'll learn how to:

- + Use MAP Accelerator data to plan for individual student goal setting
- + Use data to plan instruction that sustains student growth and progress

* Virtual workshop coming January 2021
