

LAUNCHING JULY 2024

New MAP Reading Fluency Foundations Online

Growth is built on solid foundations

MAP® Basics online courses are now **MAP Foundations Online** professional learning. Based on educator feedback, we've revamped this essential learning tool with role-based lessons, pragmatic advice from real educators, and actionable templates to help you get started. Better still, we'll continually add new content to MAP Foundations, all included with your district's annual subscription.

The new and improved MAP Foundations online learning provides the tools and knowledge that staff across your school or district need to deliver MAP assessments, analyze reports, and take action to help students learn.

Key features

CUSTOMIZED LEARNING PATHS

Role-based learning pathways

Differentiated learning pathways for teachers, leaders, and proctors provide an efficient learning experience tailored to their needs. Pathways include added content to extend the use of MAP Reading Fluency™ when they are ready.

Fast set up

In a time crunch? We've pulled together the info you need to help get you up and testing quickly.

Tools to simplify progress

New planning tools and templates, redesigned with lessons learned from our most successful implementations, will help teachers and leaders move swiftly to action in a logical, efficient sequence.

IMPROVED JUST-IN-TIME INSTRUCTION

Digestible segments

Self-paced, digestible learning segments make it easy for educators to learn exactly what they need, right when they need it.

Practical strategies from real educators

In new videos, educators experienced with MAP Reading Fluency share their tips for implementing MAP and applying the data.

Stay up to date, automatically

Learning content will keep pace with MAP Reading Fluency features and enhancements released throughout the year.

Explore and apply key MAP Reading Fluency insights

Explore key reports and data to help educators make impactful instructional decisions and empower students in their learning journey.

EASIER TO USE

Broad access

Accessible to all educators, district-wide.

Improved login experience

As of June 2024, PL Online—the NWEA® professional learning platform—can be accessed through the NWEA start page with the same credentials as MAP assessments.

Design features and learner outcomes

FOR TEACHERS

- Designed for teachers, instructional coaches, and others who make informed decisions about student testing
- Learn practical strategies from experienced educators and get resources for involving students—from understanding assessment purpose to using data for their own growth
- Teachers are prepared for every phase of MAP implementation—from test preparation, through empowering students to do their best, to understanding and using test results

FOR LEADERS

- Designed for school leaders who will oversee MAP assessment implementation across an entire school or district
- Learn practical strategies from experienced administrators for implementation and onboarding staff; access resources for building action plans with data to improve student outcomes
- Leaders are ready to prepare staff, engage teachers, and use assessment data to improve student outcomes

FOR PROCTORS

- Designed for teachers, leaders, and test-day helpers, such as school support staff, paraprofessionals, or parent volunteers
- Learn best practices from experienced proctors and access checklists and other resources to assure a smooth, successful testing event
- Proctors are equipped with the crucial knowledge needed to proctor on test day, supporting successful testing and reliable data

NWEA, a division of HMH, supports students and educators worldwide by providing assessment solutions, insightful reports, professional learning offerings, and research services. Visit [NWEA.org](https://www.nwea.org) to find out how NWEA can partner with you to help all kids learn.
