

MAP GROWTH FOCUSING ON GROWTH

These workshops will help you get the most out of your MAP data

Learn how to apply MAP Growth data in goal setting and data conversations to improve student learning.

These **3-hour** sessions are best for new users wanting deep foundational training plus hands-on practice with how to interpret student data and make effective instructional decisions.

WHAT YOU'LL LEARN

MAP Growth Investigating Growth (3-hour)

- + Leverage growth trends to inform strategic school and district planning.
- + Analyze MAP Growth data across multiple levels to extract meaningful insights.
- + Design and implement an action plan to enhance student learning outcomes.

Key Questions

- + How can understanding growth trends help shape our school or district goals and plans?
- + What valuable insights can we derive from analyzing growth data across class, grade, school and district levels in MAP Growth reports?
- + How can I develop an action plan to positively impact student learning?

WHO SHOULD ATTEND

Primary audience: District Leaders • School Leaders • Teacher Leaders • Instructional Coaches
Secondary audience: Teachers
