

MAP READING FLUENCY LEVERAGING DATA TO BUILD FLUENT READING STRATEGIES

These workshops will help you get the most out of your MAP data

Learn how to analyze MAP Reading Fluency data to determine next steps to move students along in their literacy learning journey. Then explore key reading fluency lesson structures and instructional strategies to support students, while incorporating those learnings into lesson plans to optimize student outcomes.

This 6-hour session with two follow-up coaching sessions provide a deep understanding of both MAP Reading Fluency data and the strategies that will improve reading fluency skills for students. The two coaching sessions will provide opportunities for successful implementation and deeper learning to ensure both teachers and students will benefit from these sessions.

WHAT YOU'LL LEARN

Leveraging Data to Build Fluent Reading Strategies (6-hour)

- + Explore why reading fluency is the key to good reading development.
- + Discover how to leverage MAP Reading Fluency data to understand students' reading skills and instructional needs
- + Build lesson structures and instructional strategies to support students with building the ability to read text smoothly, accurately, at an appropriate speed, and with proper expression (prosody).
- + Develop an action plan to implement new lesson structures and strategies based on current MAP Reading Fluency data.

1-hour Instructional Coaching Sessions (2 Sessions)

- + Check ins on the implementation and progress of the action plan
- + Clarifications, relearning, and new learning
- + Plan Discussion of successes, barriers, and necessary adjustments to the action plan
